

## Quality Policy Statement

It is the policy of the company to determine and review external and internal issues relating to stakeholders that are relevant to its purpose and its strategic direction. Our aim is to enhance their satisfaction with our products and overall service by operating all of our processes under controlled conditions and to continually improve our quality management system and processes whilst maintaining any applicable statutory or regulatory requirements in order to meet all of our customers requirements; this is achieved by setting and monitoring objectives.

The organization takes full responsibility for the quality of all products purchased from suppliers and sub-contractors, including customer designated sources which are incorporated into customers product and/or service.

We also take responsibility for the quality of the product supplied and does not use any verification activities carried out by its customers as a means for quality control of product supplied.
